# It's here...Information Technology

[online.limousin.com](http://online.limousin.com) - The web based version of On Farm Gene Plan (OFG) is now available to the Membership.

Online.limousin.com is the latest internet offering from the CLA. This member only tool allows on-line access to the majority of CLA services. Unlike On Farm Gene Plan this is a web based application that requires no software to be installed on the users PC. These are just some of the features the system provides:

- \* Active animal herd management and disposal
- \* Female inventory maintenance and submission
- \* Calving, Weaning and Yearling performance reporting
- \* Real time performance calculations including: adjusted weights, indexes and ranks
- \* Full performance reporting in the convenient Adobe PDF Format (including some new reports not printed from the office)
- \* EPD reports
- \* Extended pedigree information
- \* Register calves in real time, certificates will print on the next office mail out
- \* Review billing and account information.
- \* Female enrolment
- \* Animal registration

For more information or to obtain a username and password please call the office or email [limousin@limousin.com](mailto:limousin@limousin.com)
