

The Canadian Junior Limousin Impact Show is seeking donations for both the silent and live auctions for our fundraiser taking place at our annual Banquet in Walkerton Ontario this summer.

The CJLA remains committed to providing opportunities for our youth. The proceeds from this year's auction are vital, as they directly help fund the Canadian Junior Limousin Impact Show. As operational costs continue to rise, these funds ensure that we can keep our programs accessible and high-quality for the next generation of Limousin enthusiasts. This fundraiser is a meaningful way to bridge the gap between our seasoned breeders and the juniors who represent the future of our industry.

Live Auction Lots: Donors will be formally announced by the auctioneer prior to the bidding of their item, a premier opportunity to promote your ranch or business to a captive audience of industry leaders. Most large items, and all of our genetics lots will be sold this way.

Silent Auction Lots: Every bidding sheet will clearly display the donor's name, ensuring consistent visibility throughout the evening, and days leading up to the banquet.

Your support plays a pivotal role in empowering our youth and strengthening the Limousin community across Canada. Whether you are a long-time supporter or a first-time donor, we thank you for your commitment to our Limousin juniors.

Items are not limited in size or quantity, we are appreciative of all donations. Please note, if you are donating semen, embryos or off site lots, the CJLA is not responsible for coordinating the details, ex: release of semen, shipping costs or coordination. It is between the donor and the purchaser to finalize those details. If you are wanting to donate an item but are unsure of how or what, please contact us and we would be glad to work something out with you.

Please Contact Laura Seward lauraseward07@gmail.com or Wendy Annett wendyanett555@gmail.com with any and all auctions lots or questions before August 10, 2026

Sincerely,
CJLA Board of Directors
